LEGISLATIVE LIAISON

84-3682

Dear Mr. Director:

It is our understanding that there are reports from Nicaragua that rebel forces have abducted two Nicaraguan political leaders. This news is the latest indication of the increasing trend of political terrorism by forces within Nicaragua directly associated with the United States government. The latest abductions, if confirmed, will bring to 82 the number of Nicaraguans who have been abducted since the beginning of July. Of these 82 people, four have already been found murdered and the Nicaraguan government fears that the rest have either been killed or have been taken to rebel camps in Costa Rica or Honduras.

The two most recent kidnap victims are Ray Hooker and Patricia Delgado. Ray Hooker was educated in the United States at Ohio University. He has been chosen as a Sandinista candidate for the new National Assembly. Patricia Delgado is a member of the regional Sandinista governing committee. Both of these candidates have been actively participating in the election process.

The Sandinista government has scheduled elections for November 4, 1984. The policy of the Reagan Administration and the Congress has been to encourage the Sandinista government to move in a Democratic direction. At the same time, though, the contras have been carrying on a systematic campaign of terror in much the same way that the Salvadoran guerillas attempted to prevent the people of El Salvador from participating in a free and open electoral process.

We strongly oppose any association between U.S. efforts in Nicaragua and political terrorism. Such an association does grave damage to the U.S. position in Latin America and the world as the advocate of democratic traditions and government. In addition, these terrorist kidnappings are in direct conflict with the Reagan Administration's Executive Order 12333.

The Honorable William J. Casey

According to Section f. Interdepartmental Operations of the U.S. Government Overseas, Part 2, Conduct of Intelligence Activities:

"2.11 PROHIBITION on ASSASSINATION. No person employed by or acting on behalf of the United States Government shall engage in, or conspire to engage in, assassination.

2.12 INDIRECT PARTICIPATION. No agency of the Central Intelligence Community shall participate in or request any person to undertake activities forbidden by this Order."

Mr. Director, we urge you to use whatever avenues of communication exist between the U.S. government and the contras to press for the immediate release of Ray Hooker and Patricia Delgado, to obtain a full accounting of the other 76 missing Nicaraguans, and to bring about a cessation of all political assassinations and kidnappings.

The goal of U.S. policy should be to normalize U.S.-Nicaraguan relations, not to associate with actions that inevitably lead the Sandinistas to permanently establish a totalitarian regime. While it remains to be seen whether the November elections will be free and open, we must not condone any activity that serves as an impediment to the democratic process.

We urge your immediate attention to this important matter.

Sincerely,

  
Jim Moody
